St. Xavier College, Cincinnati, O.

This Literary Establishment, situated on Sycamore Street, Cincinnati, is a chartered institution, having been incorporated by the State Legislature in the year 1842, under the name and style of St. Xavier College. It enjoys all the privileges usually granted to Universities.

The Course of Studies, which will be found below in full, embraces the Greek, Latin, English, French and German Languages, Rhetoric, Poetry, History, Mythology, Geography, Book-keeping, Arithmetic, Mathematics, Chemistry, Mental, Moral and Natural Philosophy.

Though formerly open for the reception of boarders, the College has, of late years, been exclusively devoted to the instruction of day scholars. Nearly all the students are of the Roman Catholic Religion, yet pupils of every denomination are admitted, on condition, however, of exterior conformity.

Belonging to this Establishment, is an extensive and well selected Library, numbering about ten thousand volumes; and a Museum containing many rare specimens in Conchology, and Mineralogy, besides a suitable Chemical and Philosophical apparatus.

All the departments are under the direction of members of the Society of Jesus.

REGULATIONS.

The Academic Year consists of but One Session, beginning on the first Monday in September, and ending about the beginning of July; at which time, after a due examination of the Classes, a public exhibition takes place, followed by the conferring of degrees and the distribution of premiums.

The general age of admission is from ten to sixteen years. No student from any other College will be received without satisfactory testimonials of character and behavior from the Institution whence he comes.

When a student presents himself for admission, he is examined and placed in the class for which his previous acquirements have prepared him.

On completing their classical course, the degree of Bachelor of Arts, is conferred on all who prove deserving of that distinction, and after two years creditably spent in some literary pursuit the graduate is entitled to the degree of Master of Arts.

The College is opened every morning at $6\frac{1}{2}$ o'clock. Students who choose to come before time of class, begin to study as they arrive. All must be present at 8 o'clock. At this hour the exercises begin, and continue till 12 o'clock. In the afternoon they begin at 2, and terminate at $4\frac{3}{4}$ o'clock.

In general, though the government of the Institution is rather mild than severe, yet for the maintaining of order and discipline, without which good results are scarcely possible, strict obedience, assiduous application and blameless conduct are required of every student. Any serious neglect of these essential points, renders the offender liable to effective correction, and even to dismissal, if deemed necessary.
